

NEW

# NEW FRESNEL MAGNIFYING LENS

We are delighted to introduce our new Fresnel lens, which allows the operator to view a wider field of vision simply by applying this lens to any glass surface.

Ideal for the rear view window when reversing, or a side window to check any blind spot activity.

## Part number: AVS-FRE20/25

- Dimensions: 200 x 250mm
- Angle of view up and down: 0~18 deg /side 0~28 deg
- Apply small amount of moisture to seal onto a glass surface
- Applications; Trucks , cars or recreational vehicles

This is the latest product from Ashtree Vision and Safety, one of Europe's premier designers and manufacturers of mirrors, mirror arms and specialists in warning and safety products. Ashtree have a mission to increase visibility and create solutions for blind spots on all types of vehicle and machine.

Ashtree are based in Yorkshire with over 40% of production exported to customers in Europe, Asia, Africa, North America and Australasia.

A lot has happened since we started our journey in 1977 but you can be confident that Ashtree has the product range to suit your vehicles.
